merican Railway Shares Display Strength and Activity.

The London market to-day was active and strong in all departments. The general tone was firm throughout, and traders displayed more confidence in the market than for some time past. In the department for American rail-way securities the strength of the New York market was reflected. Trading was active, and the whole list displayed very good strength. Prices were sub-stantially in advance of yesterday's closing prices at New York.

Prices Firmer on the Beerse. BERLIN, July 15 .- Prices were gener ally firmer on the Boerse to-day, more encouraging reports from the foreign Boerses, especially from the London mining market, which produced a favorable impression. The crop reports were also satisfactory and the iron industry was considered to be in a healthler condition. The ease of money further stimulated business. Turks were active. Transvaals were harder.
